

School Fees Announcement Academic Year 2020/21

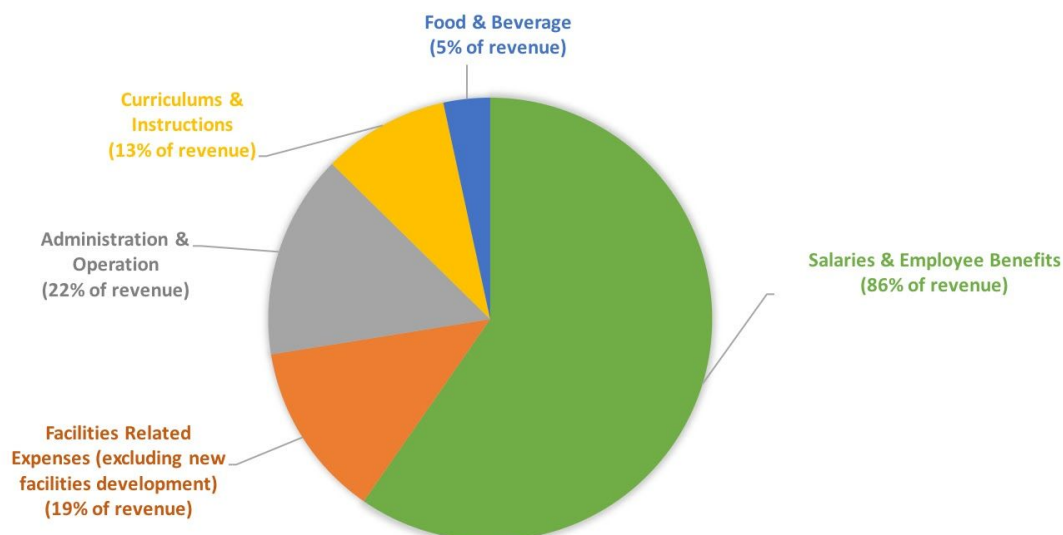

CONTINUING STUDENT TUITION FEES

We look forward to welcoming Panyaden families back for another year of learning and joy in August 2020. The 2019/20 academic year has been amazing and exciting for our staff and our families. Panyaden continues to strengthen our facilities and educational programme. We would like to thank you for being a part of our community and for the ongoing support.

The primary consideration when reviewing the fees for the 2020/21 academic year was to ensure that Panyaden can continue to provide a genuine values-based, holistic and high-quality education to our children, while maintaining competitive fees. Our expenditure continues to rise, mainly due to recruitment and salary costs. For this reason, it is necessary to raise tuition fees next academic year to enable Panyaden to retain our exceptional staff, as well as to attract dedicated, high quality teachers.

To honour long term families, the fee increase is only 5% until Year 7 for those families who joined in or before Academic Year 2015/16, before we became an international school. Those families should disregard the attached fee schedule. Their new rate will be indicated in their Term 1/2020 invoice. Please contact the accountants at the school office if you would like further information. Additionally, we will continue to offer a 10% discount to current students who will continue in Year 7-9 as announced in 2018.
